Description of draw: **Find your team and the date you are playing.** The ice number is designated for 2 teams to play on that sheet of ice. For example: On Oct 26th Durant against Schut on ice #3 – Kennedy against S. Hope on ice #1 - Doherty against Casey on ice #2 and MacLean against Spence on ice #4. Berry has the bye.

Notice the ice time rotates from 6:30pm to 8:30pm each week. This allows for consistency, maintaining groupconsistency and equal early and late draws. Any missed draws due to weather etc. are moved to the end of the schedule to maintain the equal amounts of early and late draws over the course of the round.

At the end of this round we will reset the teams according to points gained during this round. Win 12 pts. Loss 6 pts. and a Tie 9 pts. We will reset after Dec 21st for round 2 in the new year. Good luck and good curling!!
